

Moving Out of Your Apartment Checklist

Step 1 Write down everything you need to complete before leaving so you don't forget to do it.

Step 2 Make sure you have a copy of the apartment inspection checklist so you know what things need to be fixed before inspection.

Step 3 Paint over scuff marks on walls. If you painted a room a different color, you may need to paint over it with a neutral color.

Step 4 Remove nails and cover up holes.

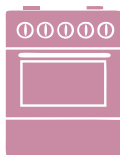

Step 5 Ask your landlord to do a preliminary inspection to be sure you completed everything.

Step 6 Spray down the interior of the refrigerator with warm soapy water and wipe it dry. You might need to remove the drawers to reach everything.

Step 7 Dust and clean the cabinets and counter tops.

Step 8 Thoroughly clean the stove, oven and stove vent inside and out.

Step 9 Thoroughly clean the sinks and toilets in the home.

Step 10 Sweep, mop and vacuum floors.

Step 11 Scrub down bathtubs and showers with bleach.

Step 12 Clean the windows. This includes the window pane and window sill.

Step 13 Remove stains from carpets.

Step 14 Dust ceiling fans and light fixtures. Replace burnt out light bulbs.

Step 15 Attend the inspection and ask for a copy of the inspection for your records.
